HOW TO USE

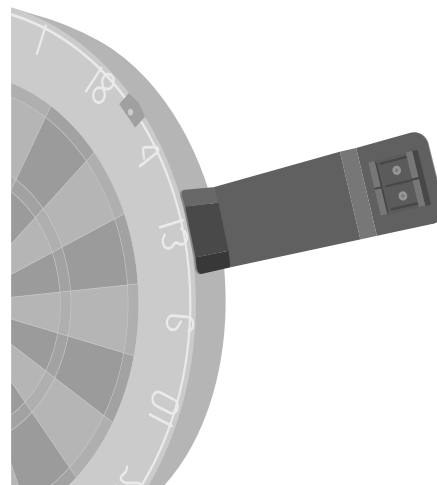

This product offers an alternative mounting solution for installing the GRAN EYE, designed for users who are unable to drill holes in the wall.

- 1 The L-shaped magnetic base securely attaches to the metal frame around your dartboard at the 13 and 14 positions.
- 2 The bracket is pre-attached to the mount, allowing you to simply slide the GRAN EYE camera into place.

For detailed installation instructions,
please refer to the online manual.

SAFETY PRECAUTIONS

- This product is designed for use with the GRAN EYE camera only.
- Make sure the magnetic mount is securely attached before use.
- Keep the product away from moisture and high humidity.
- Do not disassemble or modify this product.
- The surface may scratch easily—handle with care.
